RECRUITING

Of Ohio National Guard Will Be Done by Sixteen Officers

UNDER ORDERS ISSUED TODAY

Each is Allowed a Detail of Three Men

OF HIS OWN SELECTION

Camp Willis Will Be Re-decorous and Instruction Camp—More Equipment Has Arrived and is Being Distributed Among the Guardsmen and Departure Expected Soon

(ASSOCIATED PRESS TELEGRAM)
Camp Willis, Columbus, July 29.—Under orders issued today by Major General Thomas H. Barry of the central department of the regular army, headquarters at Chicago, 16 officers of the Ohio federalized militia were detailed and assigned for recruiting duty. These officers were sworn into the federal service at Camp Willis last Saturday. They will begin recruiting at once to get men to fill up the quota required to bring Ohio troops up to a war strength and to form reserve battalions from which men will be taken to fill vacancies in the strength of these troops.

Among the officers and the stations where they will establish recruiting headquarters are: Major Horace C. Keifer, Springfield; Major John M. Gingham, quartermaster's corps of Ohio; Lt. Col. John C. Unger, quartermaster's corps, Dayton; Captain Carl A. Brown, Bucyrus; Captain Wm. M. Barrett, Cleveland; First Lieut. Clarence P. Risser, Findlay; First Lieut. Paul G. Moore, Cleveland; Second Lieut. Milroy J. Price, Canton; and Second Lieut. Howard Whitaker, Akron.

Each recruiting officer will be allowed one sergeant, one corporal and one private. The rendezvous and instruction camp for Ohio is at Camp Willis, where all accepted applicants will be sent by the recruiting officers without delay. General Barry advised each recruiting officer to select his own detail of enlisted men and make a report of this to Major Robert W. Mearns, senior mustering officer at Camp Willis.

A number of the officers detailed for recruiting service were turned down for field service because of physical reasons, but were considered physically able to be accepted for recruiting service.

After weeks of waiting during which they have had some misgivings as to whether they would really be sent to the Mexican border, Ohio national guard officers at Camp Willis today were considerably cheered by the news that miscellaneous equipment had been forwarded from the government supply depot at Jeffersonville, Ind.

This equipment, it is said, includes all of the miscellaneous articles needed for the soldiers except clothing. It is a part of the material designated in army regulations as "equipment C." It has been the lack of this equipment that

CARRANZA

Notified That United States Will Accept His Proposition

FOR APPOINTMENT OF COMMISSION

To Settle Difficulties Between Countries

ENLARGEMENT OF POWERS

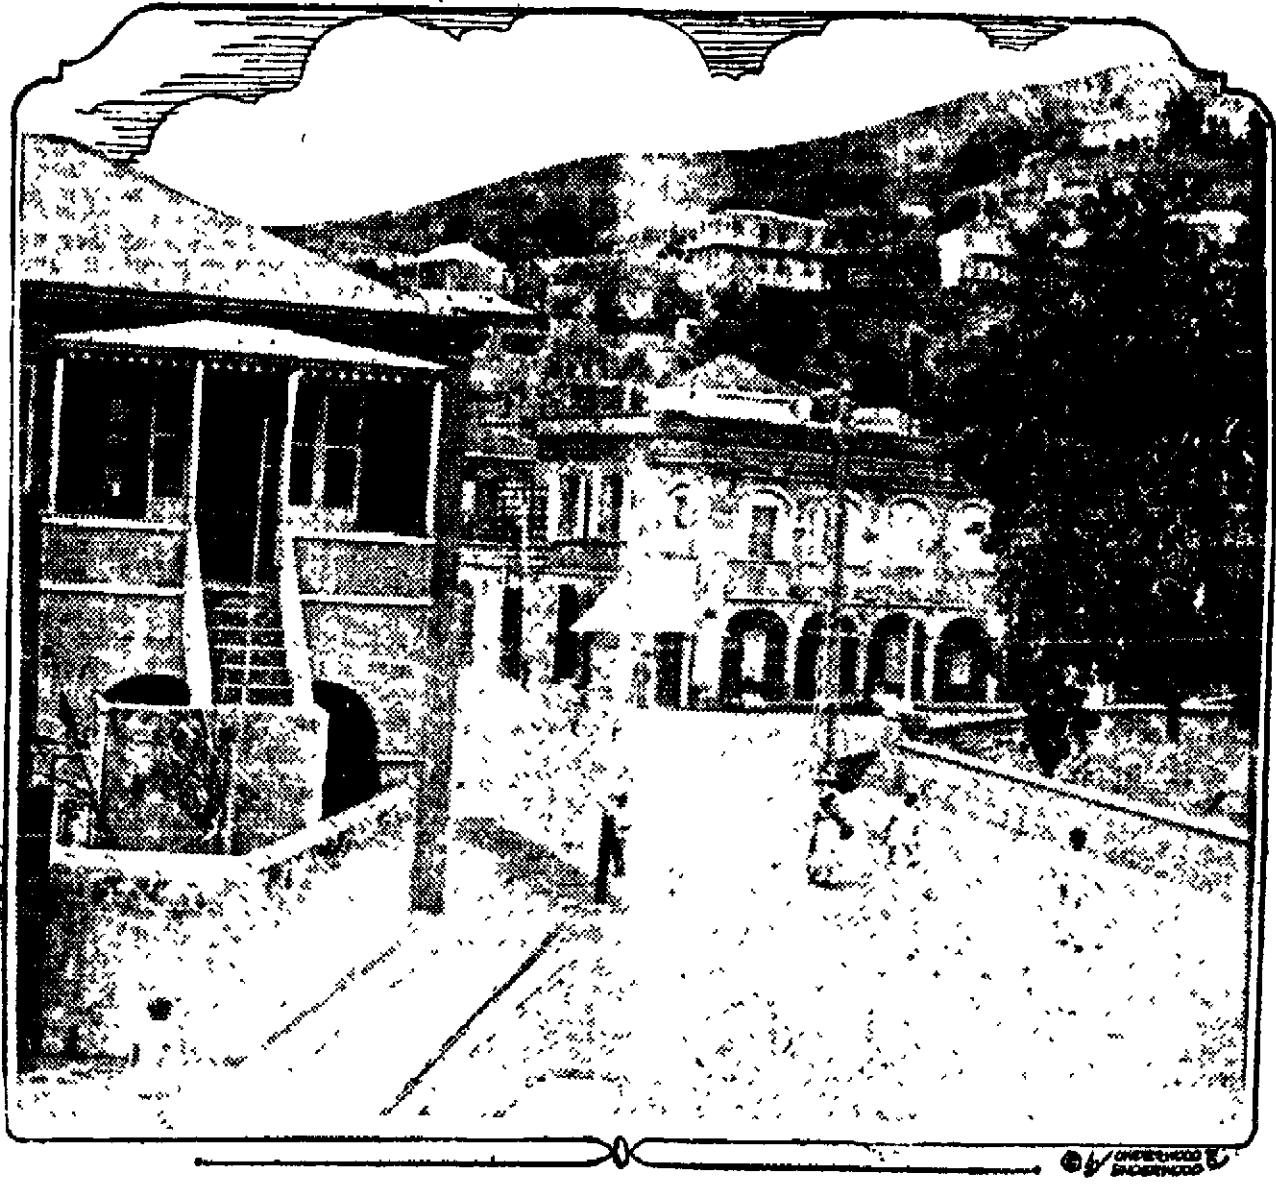

To That Other Subjects Than the Evacuation of Mexico By American Troops Can Be Discussed Suggested in Note Prepared By Acting Secretary of State Polk

(ASSOCIATED PRESS TELEGRAM)
Washington, July 30.—Washington officials today looked for an early agreement by General Carranza to suggestions for the extension of the powers of an international joint commission to settle border difficulties, which accompanied the American acceptance of Mexico's proposal for that settlement. The state department notified Carranza's ambassador here last night that the commission plan was satisfactory. American officials do not want to stop at discussion of problems dealing solely with bandit raids and the presence in Mexico of United States troops. They want to take up the whole Mexican angle, hoping the conference may bring suggestions for the reconstruction of Mexico on a firm economic and financial basis. This they consider a matter of first importance. It will be two weeks at least, officials believe, before the commission can meet. The state department will insist that conferences be held within the United States. Appointment of American members will await Carranza's reply. President Wilson is understood to have under consideration already a score of men as commissioners. These include Chief Justice White, Major General Goethals, Frederick Lehman and Justice Louis Brandeis, Luis Cabrera, Mexican minister of finance, it is understood, will head the Mexican commission.

Following is the full text of Acting Secretary Polk's note as delivered to the Mexican ambassador designate, after it had been approved today by President Wilson and his cabinet: "Sir—I have the honor to acknowledge the receipt of your communication of July 12 last, in which you transcribe a note addressed to me by the secretary of foreign relations of your government, and to request that you will be good enough to transmit to him the following reply: "Mr. Secretary—I have the honor to acknowledge receipt of your excellency's note, transmitted under date of July 12 by Lie Eliseo Arraondo, your government's confidential agent in Washington, informing me that your excellency has received instructions from the citizen chief of the constitutional army, charged with the executive power of the union to propose that each of our governments name three commissioners, who shall hold conferences at some place to be mutually agreed upon and decided forthwith

AIR RAID ON ENGLAND WAS MADE TODAY

(ASSOCIATED PRESS TELEGRAM)
London, July 29, 2 p. m.—Three Zeppelin dirigible balloons participated in the raid early this morning on the east coast of England, it was officially announced this afternoon. There were no casualties.

Details of the Zeppelin raid still are lacking. An unofficial dispatch, however, says that a German airship preceded inland for a short distance and dropped two bombs at the side of a railway.

The Zeppelin then proceeded to an adjoining village where eight bombs were dropped. The missiles fell in fields and roads where no damage was done. The Zeppelin cruised about for twenty minutes and then flew in a northerly direction towards the coast.

This is the first German airship raid on England in twelve weeks. Misty weather favored the Zeppelins.

The official statement regarding the Zeppelin raid says: "Three airships raided the east coast between midnight and 1:30. Thirty-two bombs were dropped in Lincolnshire and Northfolk. There was no material damage and there were no casualties. Many other bombs are reported to have fallen into the sea.

"At one place anti-aircraft guns were in action and succeeded in driving off the aircraft from their objective. The raiders appear to have been greatly hampered by fog."

BRITAIN INSISTS UPON EXCLUDING TWO AMERICANS

(ASSOCIATED PRESS TELEGRAM)
Washington, July 29.—American Ambassador Page at London today cabled the state department that Great Britain insists upon excluding from England and Ireland, Eugene Hughes Kelly of New York, treasurer of the Irish relief fund; his assistant, Joseph Smith, and Mrs. Kelly. They will leave England Monday on the American liner Philadelphia. Ambassador Page has been informed by the foreign office that the decision to exclude the three Americans was irrevocable. No reasons for exclusion of the Irish relief workers were given by ambassador Page, who said that during their detention at Liverpool, the British authorities had permitted them to remain at a hotel without being actually imprisoned.

Despite the apparently final decision state department officials today still hoped the exclusion order might be modified.

Additional representations in behalf of the Americans were sent yesterday by the state department and also by the British embassy.

NEGRO BATHERS NOT PERMITTED IN PUBLIC POOL

(ASSOCIATED PRESS TELEGRAM)
Springfield, Ill., July 29.—Negro citizens of Springfield planned today to file injunction proceedings against the park board of Springfield to compel the board to grant them permission to use public bathing places here.

A swimming pool in one of the local parks was closed Thursday when three negroes attempted to swim in it.

The plans for injunction proceedings followed a mass meeting last night at which the radical negroes overrode their more conservative fellow citizens and voted to begin proceedings which they predict will either gain the permission or will close them entirely.

RIOTING

BEGINS TO CHARACTERIZE THE STRIKE OF NEW YORK STREET CAR MEN.

3,000 Additional Policemen On Emergency Duty—Many Serious Injuries Reported.

(ASSOCIATED PRESS TELEGRAM)
New York, July 29.—Immediate extension of the street railway strike to the Third avenue system was predicted today by labor leaders. The 2,200 men employed by these lines were urged to attend a mass meeting this evening and it was expected that they would consent to join the conductors and motormen who already have tied up the trolley lines in the Bronx and in adjoining portions of Westchester county.

A strike on the Third avenue lines, it is estimated, would inconvenience nearly 1,000,000 persons. The employees of this system and nearly all other traction lines outside of the Bronx are not organized. Officers of the carmen's union have announced their purpose to bring all the trolley men in the city into their organization.

Police Commissioner Woods, after another day of rioting in the Bronx, considered the situation so acute that he ordered every policeman not on duty to spend last night at the police station, placing 3,000 additional policemen on call for emergency.

Twenty arrests for disorderly conduct and assault due to the strike, were made last night. Serious injuries were reported.

Several hundred professional strike breakers many imported from other cities, were sent out on cars in the Bronx today by the Union Railway company in a determined effort to resume a normal running schedule. An officer of the company said the company was prepared for a long fight.

Two hundred of the 1200 employees of the Third avenue railway and its cross-town lines in Manhattan borough of this city are reported to have gone on strike at 10 o'clock this morning. Labor leaders said the remainder of the Third avenue car men were expected to walk out later in the day.

PRESIDENT IS REQUESTED TO AID CASEMENT

(ASSOCIATED PRESS TELEGRAM)
Washington, July 29.—By a vote of 46 to 19 the senate today adopted a resolution requesting President Wilson to transmit to the British government an expression of hope that it would exercise clemency in the treatment of Irish political prisoners.

By its action the senate overturned the report of a majority of its foreign relations committee and followed a course outlined in a minority report made by Chairman Stone and Senators O'Gorman and Pittman.

Resolutions requesting clemency for Sir Roger Casement were reported unfavorably today by a majority of the senate foreign relations committee but Chairman Stone and Senators O'Gorman and Pittman united in a minority report recommending some expression of humanitarian interest by the senate.

FURKS' CRUELTY IN ARMENIA IS BECOMING WORSE.

Washington, July 29.—Information that Turkish atrocities upon Armenians are more severe than ever has led, the state department to consider making new representations to the porte. No reply has been received to representations for the same purpose, made by the United States more than a month ago.

POMERENE WILL REMAIN IN RACE FOR THE SENATE

Cleveland, July 29.—"There is no truth in the report that Senator Atlee Pomerene contemplates withdrawing from the senatorial race after his nomination at the primary election, August 8th, and accepting the appointment as U. S. federal judge at Cleveland, made vacant by the appointment of Judge J. H. Clarke to the supreme court," said Assistant U. S. Attorney J. C. Breitenstein today. Breitenstein has recently returned from Washington where he went over the Ohio political situation with Senator Pomerene.

The story referred to stated that after the primary election Senator Pomerene would be appointed U. S. federal judge and the Democratic state committee would select former Governor Judson Harmon as the Democratic senatorial candidate.

GOVERNOR VISITS HIS AGED MOTHER.

Columbus, July 29.—Governor Willis today went to Delaware to visit his mother, Mrs. J. B. Willis, who is celebrating her 83rd birthday today. He will go to Cleveland tonight where he will deliver an address.

THRUSTS

Here and There by Allies' Army Against Germans' Somme Front

IMPORTANT RESULTS ARE EXPECTED

Russians Pressing the Drive Against Lemberg

TEUTON LINE IS IN PERIL

By This Move, and General Von Linsingen's Front Has Been Broken North-east of Sivinitsky—Petrograd Claims Capture of 46 Guns and 9,000 Prisoners in Great Victory

The Associated Press summary of the war situation in Europe is given as follows:

While the British and French in the west are making thrusts here and there against the German front in the Somme region, clearing the ground for an attempted further advance, operations promising speedier important results are proceeding on the eastern front. In Southern Volhynia the Russians are pressing their drive against Demberg, capital of Galicia, their advance being greatly facilitated by the capture of Brody on the Dubno-Lemberg railroad, announced last night.

The Teutonic lines further north are imperiled by this move and the co-related thrust westward from Lutsk, which has broken Gen. von Linsingen's front northeast of Sivinitsky. The magnitude of the Russian victory in this latter sector is indicated by Petrograd's claim to the capture of 46 guns and 9,000 prisoners.

Zeppelin airships made a raid on the English east coast early today. Thirty-two bombs were dropped by the three aircraft engaged in the operation but according to the official British report no casualties resulted and little damage was done.

Rome reports the escape of the Italian submarine D'Italia from a Teutonic submarine attack on July 21, while she was on her way from Genoa to New York. The liner's guns drove off the submersible, the dispatch states.

Almost coincident with the announcement that the Serbians have begun operations against the Bulgarians on the Macedonian front comes a report from Bucharest that negotiations between Turkey and Rumania regarding the exchange of supplies have been broken off. The attitude of Rumania toward the two groups of belligerents in view of the Russian successes against the Austrians and Germans and the threat of an allied advance in the Balkans is being closely watched.

Sweeping victories by the Russians along the Volhynian front are announced by Petrograd today. On a line from the Kovel-Rolitch railroad to Brody, a distance of more than 50 miles, the Austrians and Germans have been driven back, says the Russian statement. The capture of a total of more than 20,000 prisoners and 55 guns during the recent fighting is reported.

Berlin today admits penetration of the Teutonic lines by the Russians northwest of Lutsk, in the Tristyn (Continued on Page 5, Col. 6.)

DEATHS

Follow in Wake of Intense Heat Wave Sweeping Country

NO RELIEF PROMISED BY WASHINGTON

While Ohio Bureau Forecasts "Fair"

PROSTRATIONS ARE MANY

Death Toll In Chicago is Alarming—Man Plunges Into Cold Bath and Dies Instantly—Torridity is Sweeping Eastward From the Plains States—All Cities Affected

(ASSOCIATED PRESS TELEGRAM)
Chicago, July 29.—Eighty deaths attributed to the excessive heat and nearly 200 prostrations have been reported in the last 24 hours, according to announcement at the coroner's office early today. Some hope was held out by the local forecaster for possible relief from the present heat wave which is sweeping over the central portion of the United States by Sunday night or Monday morning. But for today no such encouragement was forthcoming from any source. The fact that the mercury stood at 85 degrees early today was taken to presage mounting temperatures later in the day which would equal if not exceed those of yesterday and the day before when the mercury went to 97 and 100 respectively.

Suffering in the congested districts of Chicago continued during the night, the coroner's office and the police station officials being kept busy with reports of prostrations and deaths. In the thickly populated sections of the city many of the residents abandoned their homes for the sidewalks and in some instances even attempted to sleep in the streets. City and county facilities for caring for the stricken ones were taxed to the limit.

Health department officials so far have found their greatest burden to be the heavy mortality among babies. Many instances were reported where infants had been found in unsanitary surroundings, which under the excessive heat wave had been rendered worse.

The government weather bureau at 7 o'clock this morning officially reported the temperature at 85, or one degree warmer than it was at the same hour yesterday morning.

NO RELIEF IS PROMISED SOON BY U. S. BUREAU.

(ASSOCIATED PRESS TELEGRAM)
Washington, July 29.—Continuation of the excessive heat now overspreading the central part of the country until tomorrow and its extension to the North Atlantic coast states was forecast today by the weather bureau.

The "Hudson" bay high" which brought some relief throughout the northeastern part of the country is losing its force before the torrid wave from the west and temperatures will rise throughout the east tonight and Sunday. From the plains states eastward, the heat wave today held sway. Its intention was to hold sway. Its intention was to hold sway.

Germany Accuses Enemies of Making War to Crush Her Economic Ascendancy

(ASSOCIATED PRESS TELEGRAM)
Berlin, July 29.—Reviewing the political events of the second year of the war, the German foreign office has given to the Associated Press a statement which declares:

"Unlike the military situation, it is not to be denied that the developments in the confused paths of a political events, but an attempt will be made in the following statement to trace the leading ideas connected with the political problems of the second year of the war.

"The world war was caused by Russia's aggressive policy, supported by France's policy of revenge. But it was rendered possible solely by the fact that England subordinated to her economic antagonism to Germany all her other interests.

"Whereas Germany's enemies regard it quite in order that they demand territorial aggrandizements at the cost of others—like Russia who wants Constantinople and Galicia; like France, who desires Alsace-Lorraine and the left bank of the Rhine, and like Italy who seeks Austrian territory—they grudge Germany even that she strives to develop herself economically in peace-

able competition, and they pronounce this an unpardonable sin against the world's order of things.

"They are unwilling that Germany should become great and strong because the other powers want to be the economic masters of the world. Territorial and economic aggrandizement has united Germany's foes in a war of destruction against us.

"Germany must be destroyed. Germany shall never more raise her head economically or militarily. This was the goal of our enemy more clearly enunciated during the second-year of the war.

"It is equally clear that the talk of a struggle of democracy against militarism is only a catchword used by our enemies to create sentiment and to cloak outwardly their real purpose of destruction. Assuredly there can be no talk of a struggle for the maintenance of democratic principles when one side sets out to destroy the enemy completely, including the civilian population.

"And in England really the land of democracy she pretends to be! Has not the entire development of England during the war shown that

Picnic August 10 Will Be Biggest Event of Its Kind Ever Held in This County

Everybody in the city as well as the county are preparing to take a day off to attend and help to make The Farmers and Merchants Picnic the biggest event in the history of the county.

All the stores in Newark (with few exceptions) will be closed all day, manufacturers are being asked to give their employees the day off and all work as far as possible will be suspended on this day.

Word is coming in from the twenty-four Granges that they will be here early in the morning in a large number to spend the day and that they will have the largest Grange parade ever held in the state. There is \$50 in cash to be given to the Granges making the three best displays in the 1 o'clock parade around the race track, which will be headed by Major Bob Doid and the famous Newark Buckeye Band. Immediately after the parade will be the tug-of-war between twenty-four Granges in the county and the same number of men from the city who will battle and pull for their dear life to take the honor and money where they

"think" it belongs. Just watch them "think" pull and struggle.

Free Coffee. Mr. James Orider, chairman of the free coffee committee, is arranging to give to the people of the county a rare treat (coffee just like your mother makes) and all the committee asks is that you bring your cups and buckets, from 11 a. m. to 1 p. m. There will be at least fifteen men who will be at your service and only too glad to help you.

Free Lemonade. Mr. H. A. Shoemaker, chairman of the free lemonade committee, is having up a big committee to serve all with free lemonade from the hours of 10 in the morning until 3 p. m. and later if you want it.

The \$50 Band Contest. Invitations had been sent to every band in Licking county that is known to the committee, to participate in the band contest which will take place at 10 o'clock in the morning.

Mr. Roe Shuman, chairman of the picnic committee, says that the picnic will be a day of fun and games for all.

BOEHLER KEEPS HIS
GRIP PACKED; MOVES
OVER TO SYRACUSE.

Rube Boehler former Newark pitcher, who has had much checkered career with Detroit for several years, keeps his grip packed these days, so he will be ready to move each time a ticket is handed him. He was shipped to Louisville a month ago and this week was sent back to Detroit. Now another move is made that he has been sent to Syracuse, N. Y., in part payment for Howard Rhinke leading pitcher of the New York State league, just purchased by the Tigers. It is said that Detroit paid \$4,000 for the pitcher. Boehler goes East as part of the deal.

BENNY LEONARD DEFEATED WELSH IN EIGHT ROUNDS OUT OF THE TEN

Benny Leonard at a training stunt.

(ASSOCIATED PRESS TELEGRAM)
New York July 29.—Benny Leonard outfought Freddy Welsh, the lightweight champion, in eight rounds of a 10-round bout in Brooklyn last night.

The bout was held in the open at the old Federal League baseball park. Welsh was in much better shape than when he fought the New York lightweight about four months ago. The champion's weight at the ringside was 135-14 pounds, while Leonard weighed 132-12. Leonard seemed just a trifle overtrained.

During the first five rounds Leonard did by far the cleaner work, his jab landing forcefully on Welsh's face and head, while he occasionally ripped in strong left and right body blows. In these rounds Welsh seemed to be too careful in guarding his jaw, and consequently fell short.

Welsh cut loose in the sixth and seventh rounds and gave an exhibition of his old time skill, landing right and left hooks to the head and body and making a rally in the seventh, after an exchange of body blows, Welsh was more effective by a good margin.

But these two were Welsh's only rounds. Leonard outboxed and outpointed the champion in the ninth and tenth rounds, during which his footwork and quick dodging made Welsh's efforts seem somewhat wild. Both men clinched occasionally toward the end of the bout but Welsh was the more guilty of the two in this respect.

Leonard, in his training for the

M'DEVITT MARE FEATURES RACE ON LAST DAY

JOAN WINS TWO HEATS AND

Had Bread in Last Quarter Mile Forces
Her Into Last Place—Three Other
Events.

Detroit, July 29.—The performance of Joan, bay mare driven by McDevitt in the 2.05 trot, was the feature of the concluding day's circuit meeting yesterday. She got the decision in the headliner by winning the first two heats. She also seemed a sure victor in the third, after a bad break at the first turn. Recovering herself she let out a tremendous burst of speed and overtook the field at the half, only to break again in the stretch and finish last.

Guy Nella and Lucille Spier finished this mile so close together that the spectators thought a dead heat had been run. The judges, however, saw Guy Nella first.

Joan took the first heat in a thrilling finish with Lucille Spier. With the field well bunched to the last turn, they came down the stretch in front at a terrific gait, neck and neck about 30 yards from the finish. Joan put on another spurt and crossed a length ahead of Lucille. In the second heat the field was in single file from the first turn to well in the stretch, with Mithril in front and Joan second. Joan repeated her spurt and won by two lengths.

There were three other events on the get-away card. Lela Patchen captured the 2.05 pace by taking two heats in easy fashion. In the second heat she came through from third place in the last 50 yards and won, eased up.

The 2 12 trot went to Donna Clay in three heats. The first heat, with the best contest, Donna Clay coming from 50 feet behind at the stretch and pushing her nose in front almost with the last step.

Tommy Murphy's Aldwood took first money in the 2.07 pace by making the field show in the first heat. She won the second heat and took second in the third. Summaries.

Freddy Welsh battle, employed new ideas. Though he didn't abandon the well-worn training customs of the business—sparring, bag-punching, road work and so on—he tried out a few new ones of his own that seemed to get results. Good honest manual labor such as swinging the pick is as good training as Benny has found.

A reporter tried to go through the day with Benny, step by step in his training at Mt. Kisco, N. Y., and the reporter returned to the camp before several hours had passed in a state of nervous hysteria. He had been aroused at some such awful hour as five and required to break stones before breakfast. He milked a number of cows and worked quite a while with a pick and shovel. Then they ate a hearty meal and after breakfast sat to work in earnest.

Swinging a pick is great stuff for the shoulders and arms, says Benny. So is rowing a boat. The reporter was not able to report on the boat phase of Benny's training, as he had been taken home before this and a pumotor had been dispatched for a trial run. Benny likes the water and is a beautiful swimmer. He handles the oars like a college oarsman and spends quite a bit of time at this diversion.

"This is the thing I would probably be doing if I couldn't fight," says Benny, while playing his pick and shovel. "I might as well put in a little practice at this and then when I'm too old for the fight game, I'll have a real trade to support me. But it's certainly good stuff and there's nothing better to put a man in the pink of condition."

**Stomach Full
of Gas, Liver
Not Acting?**

A Wineglassful of Tollo Water Will Start Your Liver and Relieve Your Stomach in Half An Hour

The liver frequently becomes clogged because we eat too much rich food and take too little exercise. If it is kept clean and active we would never have sour, gassy stomachs, sallow skin or become constipated and bilious.

Strong drugs are dangerous, they weaken the system. A third of a tumbler of Tollo Water in a glass of plain water before breakfast will flush out all the bile and waste matter from your system in half an hour. Your headache will disappear at once, your eyes will become bright and clear, your meals will no longer distress you by forming gas that bloats the stomach.

Tollo is a concentrated water from Dawson Springs, the famous Kentucky health resort. Its occasional use will keep the liver active because it flushes, really bathes, the liver, dissolving the obstructions and washing out the bile tubes. It will keep the bowels regular as a clock and prevent the accumulation of waste which sours in the stomach and makes every meal a torture.

Get a 15-cent bottle from your druggist and take a little every morning until the system has been thoroughly cleaned.

**Not a Bite of
Breakfast Until
You Drink Water**

Says a glass of hot water and phosphate prevents illness and keeps us fit.

Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins and poison-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths, before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Summer inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

NOTICE

All water bills rendered and remaining unpaid July 31st will be delinquent and according to the new rule published July 1st are to be shut off without further notice.

Germans Defend the Execution of Captain Fryatt

(Associated Press Telegram)
Berlin, July 29, 1:30 p. m.—The execution at Bruges on July 27 of Capt. Charles Fryatt of the British steamship Brussels, after trial by court martial for attempting to ram a German submarine, denotes a new phase in the controversy over the sea rights of merchantmen.

The German government prize regulations issued before the beginning of the war adopt the principle that merchantmen were not entitled to commit acts of war and it threatened to treat as pirates those attempting to do so. The execution of Captain Fryatt, German officials contend, is in accord with that principle, which according to the German view, merely extends to sea warfare the principles already controlling frontier activity on land.

CONFERENCE OF PROGRESSIVES MAY BE CALLED

(Associated Press Telegram)
New York, July 29.—The attitude of the Progressive party in the national campaign probably will be decided at a national conference to be held in Indianapolis next Thursday, August 3. The call for this conference, sent out last night by Matthew Hale of Boston, acting chairman of the Progressive national committee, has caused the abandonment of a plan to hold a national convention in Chicago on August 5.

The principal business of the Indianapolis meeting will be to decide whether the Progressives will put a national ticket in the field, endorse the nominations already made—either Republican or Democratic—or notify Progressives that they are free to vote in the coming presidential election according to the dictates of their conscience or judgment.

SOLDIERS PREFER DESERTION TO THE FIRE OF FRENCH

(Associated Press Telegram)
London, July 29, 12:15 p. m.—Telegraphing from The Hague, the correspondent of the Exchange Telegraph company says he has received the following message from Maestricht, a Dutch town 50 miles east of Brussels.

"Fifteen German deserters, including a non-commissioned officer arrived here (Maestricht) yesterday. They all came from the Somme region. They said it was impossible to live through the Anglo-French artillery fire without going mad and they preferred desertion to insanity."

DODD'S BRAVERY IS REWARDED BY ADVANCED RANK.

(Associated Press Telegram)
Headquarters American Punitive Expedition, Mexico, July 29.—Brigadier General George A. Dodd, retired, arrived today at headquarters from El Valle, en route to the states. General Dodd, as colonel of cavalry, won advancement as a result of his brilliant dash after Villa which ended the clash at Guerrero. He was given his star July 1 and was retired July 26, on his 64th birthday.

The tenth cavalry celebrated today the 50th anniversary of the regiment's formation. Almost daily rains have cooled the temperature here, but the best efforts of the sanitary department have failed to abate the plague of flies that afflict both men and horses.

LITTLE HOPE THAT GARMENT WORKERS WILL ACCEPT TERMS.

(Associated Press Telegram)
New York, July 29.—Little hope was expressed today that the striking garment workers would accept the ultimatum issued by the manufacturers. The employers, through huge advertisements in this morning's newspapers, warned the workers that if they did not by next Wednesday morning accept the agreement entered into by the joint conference, the managers would reopen the shops without regard to the union and hire back the employees they require. The manufacturers' statement says:

"There is nothing left for discussion, negotiations or arbitration." President Schlessinger, of the international ladies garment workers' union, issued a call today for 25,000 pickets who will be sent out Monday.

Obituary

Floyd Faust McQueen.

Floyd Faust McQueen, six-month-old son of Mr. and Mrs. F. W. McQueen, died this morning at his parents home, 41 McKinley avenue, death being due to infantile trouble. The funeral will be held from the home Monday, the exact hour not having been determined. Interment will be made in Cedar Hill cemetery.

Martha Davis Thompson.

Mrs. Martha Davis Thompson, formerly of this city, but for the past four years a resident of Dayton, Ohio, died at her home on Dallas avenue, Friday afternoon, July 28, at 1 o'clock, after an illness covering a period of four months, of sugar diabetes. She was confined to her bed about ten days.

Mrs. Thompson was born October 6, 1877, and was married to Charles W. Thompson of Newark, June 27, 1900, at Seneca, Ohio. She leaves a broken hearted husband, one son and three daughters, also an aged father, Mr. Caleb Davis, of Summerville, O. Three sisters, Mrs. Harry Moorhead, of Dayton, Mrs. Harvey Peters of Evesville, and two brothers, Mr. A. W. Strong, of this city, and Mr. Wilbur Davis of Dayton, besides a host of other relatives and friends.

The deceased was a patient sufferer to the end and her death came as a great shock to all who knew her. She was a loving wife and mother and a devoted Christian woman, doing much for the cause she loved so well. She was a member of the Trinity M. E. church, of Dayton. She was president of the North Dayton W. C. T. U. and was also a member of the Yeoman Lodge and the Licking Rebekahs of this city.

The remains will arrive in this city Sunday and be taken to the home of her brother, Mr. W. A. Strong, No. 99 East Church street. Funeral arrangements have not been completed but it will be held at the East Main Street M. E. church sometime Monday.

Card of Thanks.

We wish to thank the friends and neighbors for their kindness during the sickness and death of our mother, and Dr. Stedem and C. T. Egan, also for the beautiful floral offerings. Mr. and Mrs. W. W. Crumrine and family.

BOMBS

EXPLODED BENEATH FLOOR OF MENACE PUBLISHING COMPANY TODAY.

Missouri Anti-Catholic Publication is Trying to Defeat a Candidate for Governor.

(Associated Press Telegram)
Springfield, Mo., July 29.—Three bombs exploded beneath the floor of the Menace publishing plant at Aurora, Mo., at 4:15 o'clock this morning, slightly damaged the publishing company plant and set fire to a mass of copies of The Menace, an anti-Catholic publication, just off the press. The flames were soon extinguished.

This week's issue of the Menace dated August 3, carried several election articles. It is customary to start the presses Saturday but in an effort to defeat a candidate for governor in the state the Missouri publication had been printed and mailed Friday.

Workmen expected to have the presses running in a few hours. The greatest damage was done to the floor near the back part of the building.

Lyle C. Decker, 17 South Buena Vista street was removed yesterday in the Bradley ambulance to the Sanitarium.

Mrs. Elmer F. Murchland, 209 North Fourth street was taken to the City Hospital this morning in the Bradley ambulance.

MORNING WAS NOT SO HOT; AFTERNOON SAME AS YESTERDAY

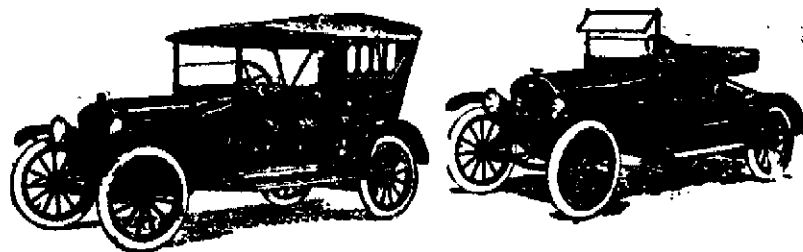

Temperature records kept in East Newark and at police headquarters indicate that afternoon temperatures today were about the same as yesterday, though records at police headquarters indicate that this morning was much cooler than Friday morning.

At two o'clock this afternoon a temperature of 93 degrees in the shade was indicated at the J. C. Brown grocery where a government tested thermometer was furnished records for two years. The same temperature at the same hour yesterday was indicated by the instrument.

Headquarters Officer George Abbott has been keeping the temperature records for several days. Comparing today's thermometer yesterday's readings with temperature today show the following:

	Friday.	Saturday.
5 a. m.	70	75
7 a. m.	75	78
8 a. m.	80	79
9 a. m.	80	80

Many of the more representative issues were not quoted at all and such changes as occurred were the result of the usual adjustment of outstanding contracts. United States Steel, Mexican Petroleum, the Mariner and Pennsylvania, the latter displaying some heaviness, contributed more than their share to the very slight uptick. The bond market where prices tended lower, was the real feature of recurrent offerings in large volume of international issues. The closing was higher.

CLEVELAND LIFE GIVES JOHNSON A FINE WATCH

S. D. Johnson, district representative of the Cleveland Life Insurance Company, has been presented with a fine gold watch by the company for his successful record since becoming associated with the company. An extra record for the month of May had much to do with the award. Mr. Johnson was formerly connected with another company where he was accorded recognition for his ability as a life insurance salesman and since making a change about a year ago his success has continued.

"Try this on your piano" was written on the card accompanying the watch, which was a gift of a girl graduate in instrumental music in Kansas City, Mo.

SHAUCK'S REAL ESTATE BULLETIN
Over Franklin Bank

If you are looking for a cheap property, close in, look at the dwelling south-west corner Seventh and Columbia streets. This house will be moved to the lot in the rear, remodeled into a modern house, will be a bargain for somebody. If you are looking for a good corner lot close in there will be on this corner a frontage of 66 feet on Seventh and 90 feet on Columbia. Will be for sale at a bargain as soon as house is removed. Remember good lots close in are mighty scarce as well as good properties well located. I realize to get the benefit of an advertisement the facts as stated must always be true.

SUICIDE'S IDENTITY STILL IS UNKNOWN.
(Associated Press Telegram)
Cincinnati, July 29.—Coroner Fortmeyer believes that the body of the man found in the Ohio river Wednesday may be that of a member of some prominent family in a distant city who came to Cincinnati to commit suicide in order to conceal his identity. The character of his clothing indicates the man was used to the heat. The fact that all attempts to identify the body have been fruitless, raises the suspicion that he is not a resident of Cincinnati or vicinity. The police claim marks on the man's head show the bullet wound was self-inflicted.

THE NEW LAKE BATHING BEACH VERY POPULAR

Great crowds of bathers are taking advantage of the hot weather, the excellent bathing beach and the sandy bottom, which Messrs. Deenbach and Fisher have opened opposite Summerland Beach at Buckeye lake. It is a delightful spot, easy of access and hundreds of bathers can be found there at almost any hour afternoon and evening. The big steamers maintain an excellent schedule and a fare of 15 cents round trip is charged.

The excursion business on the lake is greater this season than ever before. Capt. Del Fisher stated today that it would be necessary to purchase more boats. He can hardly accommodate all who desire to take the delightful water trips around the lake. He has impressed several large motor boats into service and these are used in conjunction with the big lake steamers. Every day and Sunday every boat of every description, and there are hundreds of them, is in service. The lake breezes in the cool of the evening are irresistible.

Capt. Jack Bishop, of Atlantic City, is still making high dives from the 90 foot tower into five feet of water. He is quite popular with the resorters and every afternoon and evening his daring act is witnessed by mammoth crowds and the captain always gets a good hand. Capt. Bishop's act is one of the best which has ever been given at the popular resort.

The dancing pavilions are doing an immense business and a cabaret singer has been added to the orchestra. This has greatly improved the music and pleases the dancers. Arrangements have been made to take care of another record breaking crowd tomorrow.

One week from tomorrow the famous Buckeye band of this city will be the main attraction at the park.

Granville

[Special to The Advocate]

Granville, July 29.—Mrs. John McClain delightfully entertained the local chapter of the W. C. T. U. of which she is president, at her home in Centerville street, Friday afternoon, July 29, between the hours of 2:30 and 4:30. Despite the heat, there was a good attendance, and an excellent program. Mrs. Pendleton led the devotional service of scripture reading, prayer, and singing, after which Mrs. Sarah Rose had charge of the program. The topic was "The Press," and the usefulness of this factor of public life, especially in the United States, was fully set forth. From the day the first printing press was set up, down to the present day, the development of the press was noted. Mrs. Van Kirk spoke of the invaluable aid being given by the public press all over the country in the campaign against alcohol, many papers going the length of refusing all liquor advertisements at the loss of hundreds of dollars. She quoted Abraham Lincoln's brief article, likening the liquor traffic to a cancer, in society, eating out the vitals and threatening destruction, and all attempts to regulate it will not only prove abortive but will aggravate the evil. "If it is a crime to make a counterfeit dollar, it is ten thousand times a worse crime to make a counterfeit man," she referred to the way "big business" has taken hold of the methods printed in the daily papers as items of news. No longer are the religious papers, the temperance sheets and the cheap magazines the only means of communication with the public. When big business realizes the fact that the liquor traffic is a menace, and figures it up the losses in dollars and cents, then the matter assumes new importance. She spoke of the article in the current issue of Harper's Monthly, as one to be read and pondered. Following the program the hostess served a dainty and delicious repast.

Beta Theta Pi opened the fraternity house on Friday evening, July 28, in the last dance of the summer. Dainty refreshments were served during the evening. Among the young people present were Miss Zoe Stewart of Pleasantville; Misses Florence Carney, Elizabeth Evans, Garnet Schiedt, Vashli Jones, Louise Hamblen, Helen Longwall, Josephine Dargow, Mr. Stewart Prescott was a guest of the fraternity.

Mrs. Leo Moore and Miss Louise Williams returned last evening from a fortnight's visit with friends in Stockport. Mr. and Mrs. Moore will leave tomorrow for Cincinnati.

The last of the Denison Summer school faculty and students left Granville this morning, and Shepardon commons will remain closed until the opening of college in September.

Mrs. W. E. Hopkins has returned to her home in Granville from a seven months' visit with her mother in Oregon.

Mrs. Frank Ray, who has been visiting relatives and friends in Chicago for the past two weeks, has returned to her home in the Newark road.

Miss Grace Ackley, the popular assistant in the postoffice, left this morning for a visit with friends in Marietta.

Mrs. J. N. DeBow and her sister, Mrs. Jane Evans, have gone for a fortnight's visit with friends and relatives in Lorain.

Mr. and Mrs. J. B. Morris and daughter, motored to Granville from Trinway for a week-end visit with Mr. and Mrs. Ed Wright in College street.

Mrs. Chesbire and daughter, Mary left today for Spafford, Kansas, for a visit with friends and relatives.

With care there is timber enough in the United States to last 444 years, according to a Government expert.

Railroads

General Supt. Leaves. General Superintendent H. B. Voorhees, yesterday completed a three days' inspection trip over the Ohio division of the company and departed on train No. 103 for Cincinnati via Parkersburg.

Veterans' Outing. About 60 veterans of the Baltimore & Ohio railroad company went to Columbus this morning on train No. 107 to participate in the big outing of the veterans held today at Olentangy park.

Excursion to Columbus. The Chicago Junction to Columbus excursion train will pass through Newark via the Baltimore & Ohio lines Sunday morning at 9 o'clock. Special rates from here to Columbus and return will prevail.

Excursion to Cedar Point. The Baltimore & Ohio railroad company today handled an excursion train from Cuyahoga and Monroe Falls to Sandusky.

C. H. Titus Returns. Trainmaster C. H. Titus, who has been on his vacation for the past two weeks, returned to work this morning.

T. J. Daly On Vacation. Thomas J. Daly, assistant trainmaster of the Newark division of the Baltimore & Ohio, began his two weeks vacation today.

Newark vs. Wheeling. The Newark division base ball team of the Baltimore & Ohio system league, will go to Benwood Sunday to play the Wheeling division team.

PICNIC

(Continued from Page 1.) contest, and place them on the program. Remember the contest is open to every band in Licking county (The Newark Buckeye Band excepted) as they will be engaged to play all day.

The \$50 prize money will be given \$25 to the first, \$15 to second, and \$10 for third.

Athletic Events.

Among the numerous attractions on the grounds there will be none that will command greater attention and be more thoroughly enjoyed by everyone, than the athletic contests, which will commence their battle royal at nine in the morning in front of the grand stand, so all can witness the spirited and exciting contests for men, boys, women and girls.

The contests will consist of ladies potatoes race, ladies ball throwing, ladies free for all 50-yard dash, fat ladies race, fat man race, mens free for all 100-yard dash, eighteen races and contests for boys and girls, all of which will be announced later. They have also arranged for a pie-eating contest for boys aged 10 to 12 years, and one tug of war between ten rural boys against ten city boys age 12 to 18 years. The committee in charge consists of A. S. Stephan, Merrell Montgomery, D. C. Kunninger, Wm. Morgan, S. E. Alban, C. S. Osburn and Ray Evans and they promise to be very busy from nine until noon entertaining the crowd and giving away the money.

The Horse Races.

Mr. Bessancey, chairman of this committee, is arranging for two racing and two trotting races that will be exceptionally classy. He is meeting with a committee of horsemen who shall give to the people the very best in horse racing there is to be had. The races will start about 3 o'clock, after the speaking. The races entries will be announced next week.

Base Ball Games.

The base ball committee, Mr. Ed. McDonald, chairman, is arranging for a game in the morning composed of clerks from all over the county which will be played on the grounds and this game will be real be played at the Wehrle Ball grounds, Mr. James Fitzsimmons has kindly donated the use of the grounds and this game will be real base ball. The teams and line up will be announced later.

\$50 Prize Drill.

Every fraternal drill team known to Mr. A. Schiff, chairman of this committee, has been invited to take part in the contest at 2 o'clock in the afternoon. It is hoped by the merchants of Newark that as many teams as can will participate and notify the chairman at once. The prize money will be divided \$25, \$15 and \$10.

No Advertising Allowed.

The committee in charge will positively not allow any advertising matter on or about the grounds. This is to be a purely social gathering, where friends meet and have a good time.

Time.

The Big Farmers and Merchants Picnic will be held Thursday, August 10th, commencing the amusements at 9 o'clock sharp in the morning and keeping it up all day long, until midnight if the young folks desire. So prepare to come early and stay late.

The Place.

At the "Moundbuilders Park" The Licking County Fair Grounds, which is one of the most beautiful spots in Ohio, and an ideal place for an event of this kind.

Remember you are invited and we are looking for you.

Should Sloan's Liniment Go Along? Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation," camp out without Sloan's Liniment. "Writes one vacationist: 'We used it for everything from cramps to toothache.' Put a bottle in your bag, be prepared and have no regrets."

A New Series by that popular Author—Sax Rohmer

"The Wire Jacket"

By Sax Rohmer

HERE'S the sort of a story that will make you forget all else save the words you are reading. A story that will grip you by its startling episodes—that will hold you from the first word to the last by its interesting and unusual developments. It is the beginning of a new series of the best of Mr. Sax Rohmer's latest tales.

Start this new series next Sunday; read of the terrible and sinister Dr. Fu-Manchu and the alert, almost clairvoyant secret service agent, Nayland Smith. Follow them closely through this new series; read how they meet and come to grips as protagonists. Each story is complete in itself.

... Smith threw the door open. Through a sort of haze, born mostly of horror, but not entirely, I saw Eitham, stripped to the waist and tied with his arms upstretched to a rafter in the ancient ceiling. A Chinaman, who wore a slop-slop blue suit and who held an open knife in his hand, stood beside him. Eitham was ghastly white. The appearance of my chest puzzled me momentarily, then I realized that a tourniquet of wire netting was screwed so tightly about him that the flesh swelled out in knots through the mesh. There was blood— "God in heaven!" screamed Smith frenziedly. "They have the wire jacket on him. Shoot down that damned Chinaman, Petrie! Shoot! Shoot!" —but you must read all of the story next Sunday.

The first Fu-Manchu story by Sax Rohmer made one of the biggest hits of any feature which ever appeared in our Sunday Magazine. Before that series was completed, there were insistent demands for more, so it is with a feeling of special satisfaction that we begin again a new series of Fu-Manchu tales—better than any we have ever printed heretofore.

Olive Branch, No. 34.

Tuesday night, July 25, Olive Branch lodge, No. 34, met in regular session. One new petition for membership was received. District Deputy W. C. Seward was present and examined and installed the following officers: N. G. Andrew Fry; V. G. Walter Stambaugh; R. S. to N. G. Willis Smith; L. S. to N. G. William F. Smith; R. S. to V. G. W. H. Mercer; L. S. to V. G. B. V. Weekley; Chaplain, Louis Starck; Warden, G. Rope; Conductor, Elmer Carico; R. S. S. John Jinks; L. S. S. John Freeman; I. O. David Hare; O. G. Harrison Kime.

Newark Odd Fellows have an invitation to visit Zanesville on Aug. 20 to assist the I. O. O. F. lodges in the dedication of the New Bethesda Hospital.

Newark Lodge, No. 13.

At the regular weekly meeting held on Thursday evening there was a very good attendance, in spite of the warm weather. The regular routine of business was light and consumed very little time. The sick members are getting along nicely and it is hoped that they will continue to improve.

One application was voted upon and elected to membership, and one Page being present, was given the work in the armorial rank of Esquire, and in spite of the excessive heat he stood the work very good.

There is no degree work announced for next meeting and it is very probable that there will be no work put on until the weather man promises cooler weather.

Visitors at every meeting and are always made welcome.

Roland Lodge.

One new petition was received at this week's meeting of Roland Lodge, No. 205, Knights of Pythias, Tuesday evening. One application was balloted upon and elected. A number of the privates were present and all officers excepting the outer guard. Only routine work was on the program, and it was soon disposed of. After the close of the session ice cold lemonade was on tap. The Page rank will be conferred next Tuesday evening, and it is the earnest desire of the new officers that a number of the brethren be out. It is expected to start the meeting promptly at 7:30 and be ready for the degree not later than 8:30, maybe before that. All will be over by 9:30, providing present plans are carried out and we believe they will.

Amusements

White Slave Traffic.

Below we quote some of the startling facts which Mr. Samuel H. London has found through his investigations regarding White Slavery in the United States:

Women absolutely controlled by White Slavers and their system, 68,000; annual earnings of these women upwards of \$188,000,000; men engaged in the traffic who are absolutely in control of these women and their earnings, 36,000.

The real object of the inside of the White Slave Traffic is to present the facts as they actually exist and to picture the Underworld as it actually exists, in the hope that if the truth is forced upon the public it might sweep this damnable institution out of existence. This picture has been staged and will be shown at the Grand next Monday and Tuesday.

Alhambra Sunday.

"The Devil's Toy," in which Miss Adela Blood, Edwin Stevens and Montague Love will appear on the screen of the Alhambra on Sunday, is a new Equitable feature which depicts in a most sensational manner the story of a man who sells his soul to the forces of evil for wealth, fame and love.

Miss Blood, who is one of the noted beauties of the stage and created

a national furore by her appearance throughout the country in Henry W. Savage's production "Everywoman," plays the powerfully dramatic role of a woman who avenges her lover by bringing destruction upon his enemy. Montague Love plays the title role, and Edwin Stevens appears in an impressive impersonation of the Devil. The cast includes Jack Halliday, Arnold Lucey and Little Midge Evans, the remarkable child actress.

Lyric.

Manager Harry Elden announces that beginning Monday, he will offer the patrons of the Lyric theatre an attraction that classes with the best in the country in a vaudeville way. This act, is one of magic and mind reading.

The two stars who present this act are Prof. and Mme. Eskey, who come here from Buffalo, N. Y., where they have been at Shay's big vaudeville house, for four weeks, playing to packed houses every night.

Little Girl Next Door.

The little girl next door loves not wisely but too well. There is an elopement. In a strange city her winsomeness attracts the harpies in human form, and she is separated from her boy husband, drugged and delivered into the pit.

A girl answers an advertisement of an elderly woman who desires a companion. The woman is a white slave and the girl is sold into a hideous bondage.

Then there are others—all of them drawn from life and from actual experience as related to the Illinois state senate vice commission, and as portrayed in a startling film at the La Salle Theatre. "The Little Girl Next Door" it is called and it fulfills well its task of driving home the lessons of the dangers that lurk in city streets, and in a girl's desire for adventure and thrills, and in a meager wage.

This sensational feature will be the attraction at The Auditorium theatre for two days commencing Friday, August 4th. No one under the age of sixteen will be admitted and the prices for all will be twenty-five cents.

The Auditorium.

For Sunday, Manager Fenberg has another corking Triangle feature to offer his friends and patrons and one that William S. Hart adds another splendid portrait to his many other western characters that have made him famous and popular with movie fans throughout the country. "The Aryan," is the title of the play and it is simple justice to say that the story itself is one of the best so far offered lovers of the Triangle brand of film.

The settings and scenery are of the west, with western atmosphere and western types all around. The theme of "The Aryan" might be set forth in this subtitle. "Of written in letters of blood, deep carved in the face of destiny, that all men may read, runs the code of the Aryan race. Our women shall be guarded, and a man of the white race may forget much—friends, duty, honor, but this he will not, he cannot forget."

Steve Denton (Hart) becomes a man of hatred when he is tricked out of his money in Ivory Wells saloon, and made a fool of by Trixie, a dance hall character. He swears vengeance toward the white race and the women in particular.

Trixie makes his slave in a new settlement where there is no other white woman, and this settlement, populated with the "scum of hell," he rules with the iron hand of a master of men.

Along comes a band of prosperous farmers lost in the desert. They appeal to Denton for help. He refuses. Then Mary Jones steals away from the thirst-stricken camp, and pleads with Denton. He is finally forced to realize, by the perfect trust she places in him, that after all, he is a white man and cannot refuse help to his own people.

He saves the white women of the camp from outrage at the hands of his followers, and guides the party out of the desert. A critic in speaking of "The Aryan" said it was without reservation a class A picture. With this feature will be seen a two-reel Keystone comedy.

The Gem.

Bluebird photo-plays have again scored a bull's eye in their latest picture which will be shown at the Gem theatre, Monday afternoon and evening entitled "John Needham's Double." The drama was directed by Phillip Smalley and features Tyrone Power.

Look Good—Feel Good

No one can either feel good nor look good while suffering from constipation. Get rid of that tired, draggy, lifeless feeling by a treatment of Dr. King's New Life Pills. Buy a box to-day, take one or two pills to-night. In the morning that stuffed, dull feeling is gone and you feel better at once. 25c at your druggist.

Your Neighbor's Car

Suppose He Buys a Hudson Super-Six

One thing we can't forget in buying cars. That is pride of ownership. The car is a pleasure vehicle. And it spoils the fun to be hopelessly outrivaled in about the same-class car.

The Hudson Super-Six has proved itself supreme. With this patented motor—certified a stock motor—it has done what no other stock car ever did.

It has made faster speed. It has done better hill-climbing. It has shown quicker pick-up. It has gone 1819 miles in 24 hours, breaking the best former stock car record by 52 percent.

It has beaten race cars by the dozen—cars of a very costly type. It has shown much more power than this size motor ever before developed. It has proved matchless endurance.

Suppose your neighbor gets this car. And you, while paying as much or more, get something less efficient. How will you feel when the two cars meet?

What These Things Signify

You do not care for reckless speed. Such power is rarely needed. But the Super-Six has the capacity. You know it to be the master of the road. It will do what you want without taxing half its ability. And that means economy.

It will cover more ground than lesser cars, without going any faster. This because of its quick get-away when you slow down or stop.

Its greatest supremacy—that of endurance—means years of extra

service. How would you feel to have a like-class car excel yours in these respects?

Means 80% More Efficiency

The Super-Six motor—a Hudson invention—adds 80% to motor efficiency. That is, from a small, light motor it gets 76 horsepower. The same size of motor heretofore yielded us 42 h. p.

This result comes through ending vibration, the cause of motor friction. It gives such smoothness as you never knew before. And it means a long-lived motor.

It comes in a car, evolved under Howard E. Coffin, which has long stood for the acme in fine engineering. And it comes in the handsomest, best-equipped model that Hudson has ever designed.

If your neighbor gets it, and you don't, it may mean to you years of regret. In looks and performance, in prestige and endurance, he will have the advantage of you. Your Hudson dealer can prove these things beyond any possible question. And you should know them before you buy any high-grade car.

Any Super-Six owner—there are now more than 10,000—can tell you what it means to own one.

Y. M. C. A. Notes

A visit to Camp Willis is a revelation to one who has no idea as to how a large army camp is conducted. The great tented city is kept scrupulously clean and neat, and after drill and work is over the soldiers may be seen washing clothes and brushing up uniforms ready for inspection. The Y. M. C. A. has three large tents in the midst of the camp, and the men flock to these places to write letters, to read, and to talk over their difficulties with association officers. Each evening the Y. M. C. A. conducts a religious service, and these meetings are largely attended by the soldier boys. The boys of the major class hiked to the Hartshorn road, near the dugway, on the Granville road, last

Tuesday, and put up their tents for a day's stay. When the boys were not busy eating, sleeping and swimming, they put in the time playing games, and they all say they had a dandy time.

The "Y" baseball team would like to hear from any out-of-town teams that want Saturday afternoon games. Although it is pretty late in the season a number of our members are trying to get together a bunch to play for the remainder of the summer. A game is to be played with the grocery clerks next Thursday afternoon, and a good game and much fun is being looked forward to.

General Secretary Frank L. Johnson, who is now doing association work at Camp Willis, will go to Findlay, Ohio, this evening to help in the inauguration of a forty thousand dollar campaign to clear off the indebtedness and provide for some additional building room for Findlay's Y. M. C. A. Mr. Johnson will speak in one of the Findlay churches on Sunday and will return to Newark Monday.

A social for members over 16 years of age will be held in the lobby this evening from 7:20 until 9 o'clock. Music by Dave Pierce and some songs by the fellows, along with a good lively game or two, will make the evening a jolly one. Light refreshments will be served. Come. Your are invited.

A number of inquiries have been made about the swimming class. Two classes are held each week, one Monday evening at 7 o'clock for those over 15 years of age, and the other at nine o'clock Wednesday morning for those under 15.

The "Y" is proving a popular place for salesmen and tourists to stop. Our dormitory rooms have been kept full, and we have had to turn away a number of men.

All men may have equal rights, but that doesn't prevent some of us from being left.

Y. W. C. A. Notes

I hope you are not getting tired of hearing about camp. You wouldn't be tired of camp life, if you could be out there this sultry weather, enjoying the cool breezes, the clear sparkling water from the spring, the hikes and the swimming hole, and the wonderful appetite you would bring to meals in the new dining room. Camp life is tree life, and we find that the older people are realizing it these days, perhaps more than the younger people; for we have had several parties of ladies out for a day, who took supper with us, and they had a splendid time, from all reports. Girls, don't let the opportunity of camping at Kill Kare this year slip by. Our number of campers, so far, has not come up to the average, and we fear if the number is not enlarged, we will have to break camp before the month is out. What a record for Kill Kare! So think it over, pay a visit to the camp, and we are sure you will want to stay for awhile.

Two of the Industrial Clubs, the Starlight and O. B. A. are planning today at Camp Kill Kare. This is the first of a series of picnics to be held by the clubs, every Saturday during the camp month.

Swimming class at Y. M. C. A. every Wednesday night is attracting much attention from the girls. There is nothing like a dip in the pool after a hard, hot day in the office, store or factory. Try it for that tired feeling of the body, that jaded condition of the mind. You will find it refreshing, delightful.

Mother Pierce is taking a much needed vacation. She and her son, Harry Pierce, of Granville, motored to Richmond, Ohio, last Thursday, to spend a few days with the former's parents. We know she will have a delightful visit, and we hope she will return greatly benefited by her

trip. Miss Childs is filling Mother Pierce's place during her absence. Miss Isabelle Elliott, of Muskingum College, New Concord, is expected to be with us for the week-end. We have heard that Miss Elliott may be our new Physical Director, so let's all try to meet her while she is here, and so make her acquaintance in advance.

"The Inside of The White Slave Traffic"

By Samuel H. London, the noted international investigator, consulted by John D. Rockefeller, Jr., in his effort to solve the White Slave problem

It struck me as being one of the most forcible and intelligent ways of putting this terrible problem before the public, and it is handled in the most judicious manner. I went rather prejudiced against it, and came away convinced of its usefulness.—**MRS. WILLIAM K. VANDERBILT, SR.**

Fully half the girls committed here would now be happy in their own homes, if your warning to parents was seen by all the mothers and fathers whose daughters had erred.—**DR. E. HELEN KNIGHT, Physician-in-Charge of the New York Magdalen Home.**

I consider the presentation of "The Inside of the White Slave Traffic" a public benefaction and so vastly superior to all other pictures of its kind that there is no comparison.—**ELLA WHEELER WILCOX.**

These pictures contain facts which it is important should be known to the general public, and in a way which even the most sensitive person could find no sound objection.—**REV. JOHN HAYES HOLMES, Pastor of Church of the Messiah.**

There is not an immodest picture in the whole of the five acts. There is not the remotest suggestion of indecency. It offers a tremendous warning to young people—especially young girls.—**REV. CHARLES F. AKED, D.D., LL.D.**

In looking at "The Inside of the White Slave Traffic" films I was most deeply impressed by the misery, the utter helplessness of the girl who is once "lost," and by the ruthless power of the business organization which profits by her loss.—**CHARLOTTE PERKINS GILMAN.**

In presenting to the Newark public this greatest of White Slave Traffic Pictures, the management desires to impress on the minds of Grand Theatre Patrons that nothing like this picture has ever been exhibited. It is truth, all truth, and nothing but truth, and has won the unanimous endorsement of ministers, social workers and the public from coast to coast. A picture with a message and a meaning. A picture whose startling realism drives home with terrific force a condition of our country that every man, woman and child should know about. **REMEMBER YOU WILL SEE STARTLING FACTS—NOT FICTION.**

MOTORCYCLE IN COLLISION WITH AN AUTOMOBILE

In a head-on automobile and motorcycle collision at East Main and Madison streets, last night at six o'clock, William Killeen, 22 South Arch street, employed at the Flanigan bakery, was thrown from his motorcycle to the brick pavement, where he is a broken radius bone in his right arm and severe bruises about the body. The automobile, a Detroit, was driven by D. E. Terrell of Monroe avenue. The motorcycle was wrecked, and the automobile slightly damaged.

According to the two principals in the accident, the automobile was going east on Main street and to motorcycle was west bound. Mr. Terrell turned to the middle of the street, and two of the wheels of his machine he says were on the wrong side of the car track, when Killeen attempted to pass him on the left side. Mr. Terrell also states that he stopped within three or four feet after the accident occurred.

Dr. W. E. Boyer, was summoned, and dressed Killeen's injuries.

GERMANY

(Continued from Page 1.)

England is drawing nearer than ever away from democracy?

Moreover, if England had really resorted to war in defense of the rights of the smaller nations, as she loudly announces to the world, she could without damage to her position have answered Germany's challenge with the threat of destroying Germany.

Chancellor von Bethmann-Hollweg's remarks made in the course of the year outlined German-American with sufficient clarity. England, therefore, wants a war of destruction, a war to the knife, which according to the plans of our enemies, shall continue even after the cannon about the permanent peace that they wished to establish has been drowned under the shout that Germany's enemies are raising over the Paris economic conference.

"It is not enough that the world shall be shaken by a protracted bloody war, the world must not even after that enjoy a settled peace, if

the wish of our enemies prevails. The Paris economic conference does not want permanent peace but a permanent economic warfare, which will never permit the world to come to rest on a basis of peaceful competition.

"This shows at the same time that the great words of the entente powers about fighting for the rights of smaller nations and international order are empty sounds, for when Germany's enemies seek to control neutral trade they simply ignore the rights of other countries and base not on the principle of right, but upon pure might precisely what they allegedly want to abolish.

"The second year of the war further proved that it is our enemies who follow the principle of might before right. They show this in the more and more reckless violations of the generally recognized principles of international law by the entente powers, not only in the struggle against the Central Powers but still more in their treatment of neutrals.

"The American citizen knows what damage has been inflicted upon his trade—brought by the illegal blockade, through violations of the postal convention and other measures of England like that of blacklisting firms. In spite of his own power he has borne hitherto many humiliations with surprising patience.

"Neutral states, yielding to might, had to submit to many illegal measures of the Entente Powers contrary to their own interests. But it is not enough. With the throttling of neutral trade our enemies try also to place political fetters upon neutral countries. Portugal, as England's vassal, even permitted itself to be dragged into the war at the beginning of the year. Other states, like Holland, on the other hand, by energetic precautions against England's maneuvers, have been able to preserve their neutrality.

"Whether on the natural side any figures are to be thrown into the scale against this, Germany is continuing with tenacity the struggle which will also in the long run prove advantageous to the neutrals as shown by their experiences with England, for the ultimate goal of Germany's struggle is the freedom of the seas. Germany's sea power, which undoubtedly is quite unpleasant to our enemies, is a counterweight to England's arbitrary domination of the seas, and will be to the advantage of the whole world.

"Every human power requires a counterweight if it is not sooner or later to degenerate into arrogance or encroachments. Probably many

persons have seen this most clearly during the second war year.

"Germany proved in the past year, contrary to England's example, that in obtaining her end, she seeks so far as possible to avoid violating the just rights of neutrals. She even went far toward meeting the wishes of the United States in her conduct of submarine warfare. In spite of the fact that the enemy was trying to subdue Germany through an illegal war upon her peaceable populations.

"Out of regard for the interests of neutrals Germany relinquished for the present one of her most effective weapons against the enemy, although she was compelled to wage a life and death struggle.

"At the opening of the third year of the war Germany is able to look back to her splendid military successes on water and on land which are not without political importance. Germany and her allies remained firmly united during the past year in bonds of friendship and common interests.

"The alliance of the Central Powers rests upon a community of political and economic interests. It is an intrinsic necessity for all four states and it guarantees to them, among themselves the greatest advantages without in any way threatening the interests of the other.

"Building upon what she already has achieved, Germany treats the threshold of the third year of the war with unshaken confidence. But the goal has not yet been reached, for the enemy has not yet come to see the impossibility of subjugating Germany."

his business career in the Union National Bank of Columbus. In 1906 he accepted a position with the Newark Trust company, and remained in the employ of that firm until one year ago when he left Newark to engage in the stock and bond business in Steubenville. During the last year he has resided in that city with his family. Mr. Rees, before leaving the trust company, was its assistant treasurer and auditor.

Readers' Viewpoint

Editor of The Advocate:
I must vent my views in regards to the ad in The Advocate relative to the Farmers and Merchants picnic. You, it seems, ought to see that the program will keep most of the best citizens away. Dancing and horse racing will keep most of the best citizens away. Dancing and horse racing are not only religiously but morally wrong. For one good reason we will state, is the bad influence of such. Why, you know the largest state in the union, New York, stopped horse racing.

We can easily know by studying God's words, no real followers of Jesus Christ can go to such entertainments or places where such dangers are to be found and take Jesus along. This may seem high premises but it is no higher than Jesus sets up for a standard. He says come out from among them. If Christians go to such places they will not still hold sweet communion with Jesus. They at once separate themselves from their best friend, the only one that can save the soul. From a shut-in who is a constant reader of your paper.

Anthracite The Most Economical Fuel

Ton for ton, HARD COAL may cost more than soft coal or coke, but it is economical in the long run. It is economical of storage room in your basement, for it is heavy and compact and occupies much less space than the other fuels. It maintains its combustion for a longer period of time and requires less replenishing of the fire bed. It is thus economical in labor.

Its steady, uniform, intense heat is a delight to the housewife and the cook, and it requires less fuel to accomplish this than with other fuels. It is thus economical in the quantity of coal consumed.

HARD COAL burns longest and gives the greatest amount of heat per firing.

One of the greatest savings effected by the use of hard coal (ANTHRACITE) is on account of its cleanliness. There is no dust to fly around the house, and as it burns without smoke, there is no oily soot deposited on the carpets and hangings, and on your clothes. It saves in laundry bills, and in house-cleaning. The chimney does not require the services of a chimney-sweep, and there is no danger of your chimney catching fire.

Ordered Brought In.
William Merrick, against whom an affidavit was filed by Bessie McFarland, charging disorderly conduct, was ordered brought into court by Mayor Bigbee when he failed to keep his agreement to return for trial when permission was granted to visit a sick sister in Zanesville. It is charged that he used insulting language in the presence of the McFarland woman. Merrick was arrested about a year ago for assaulting Russell Keckley, a street car conductor. Mrs. Merrick has filed an affidavit against Bessie McFarland, charging that she struck one of the Merrick children. The case has been continued until Merrick is located.

Eden Returns "Home."
Ed "Granny" Eden, who has spent most of his time for the past year, behind the bars of the city prison, is back again after a few days' liberty. He has become so attached to the place that he returns voluntarily when he has taken on board more alcoholic beverages than he can carry. He came in yesterday morning in an inebriated condition and this morning drew the usual \$5 ad costs. One other drunk was fined \$5 and costs.

Struck With Gun.
On an affidavit filed by William H. Palmer, Harry Fernow was before Mayor Bigbee this morning on a charge of assault. Palmer, who lives in the western part of the city, alleged that Fernow was shooting at a target on the Palmer property and Palmer ordered him off. In the altercation that followed, Fernow is said to have struck Palmer with the gun. Fernow pleaded not guilty and was bound over to common pleas court under bond in the sum of \$100.

Visit of Stork.
Mr. and Mrs. James R. Cooper are the proud parents of a little daughter who arrived at the city hospital this morning, the stork paying a visit about 6 o'clock. Papa "Jimmie" was all smiles although he had expected to report a little Elk but he states that the new arrival will make a good Elkess just the same. This is the second daughter in the Cooper family, Ann Lindy, being three years old. Mr. and Mrs. Cooper, who reside in Charles street, are receiving the congratulations of their friends. The mother was formerly Miss Ruth Wintermute, daughter of Mr. and Mrs. John A. Wintermute of Hudson avenue.

Brass Knuckles USED ON MAN WHO IS BADLY INJURED

Sixteenth street bridge, in the darkness of last night, was selected for a combat. At 9 o'clock the participants of the fray met bent on expiating their grievances. It was not a duel in which the old European code was followed, for the weapons were brass knuckles. One of the principals had two seconds, and the other had none. The "gentlemen" without the seconds came out of the darkness, his opponent, and smote him upon the cheek, wounding him and causing the blood to flow. He then turned upon one of the seconds, and another duel ensued, but the consequences of this fray were less serious. The successful "dueler" then disappeared into the darkness with as little ceremony as he had come. An automobile coming by a few minutes later took the wounded man to the office of Dr. W. E. Wylarch, where his injuries were dressed.

READY TO START TO ELECTRIC CHAIR, IS DEPRIVED 24 HOURS.

Ossining, N. Y., July 29.—As Charles F. Stielow was about to start for the electric chair at the state prison this morning the prison authorities received word by telephone that Supreme Court Justice Charles L. Guy had granted a stay of execution until 11 o'clock tonight.

Stielow is condemned to die for the murder of Charles Phelps, a farmer and his housekeeper, Margaret Wolcott, at Medina, N. Y., in July, 1915. Justice Guy said that so many papers had been submitted to him during the night in defense of Stielow that he did not have time to examine them before the hour set for the execution.

Stielow's friends contend that mentally he is scarcely the equal of a 7-year-old child.

ORGANIZE FOR THE INTER-CITY PICNIC AT LAKE

The big inter-city motor picnic to be held at Buckeye Lake Park on Thursday, August 24, is now under way. Committees from this city and Zanesville meeting at the Mauger Hotel at the lake last evening and organizing for the affair.

Newark was represented by Col. W. C. Wells, Dr. J. T. Lewis, M. J. Reese and Harry D. Hale. The Zanesville motor club was represented by J. R. Johnson, P. R. Brehmer, Dr. C. C. Hanna, O. W. Wendell, Willis Hemlock, L. B. Collier, Ed. B. Roemer and C. T. Atwell, representative business and professional men of the City.

The joint committee effected an organization by electing Hon. J. R. Johnson president and Harry D. Hale secretary-treasurer. The President next appointed Messrs. E. B. Roemer, P. R. Brehmer, Colonel W. C. Wells, Dr. J. T. Lewis and M. J. Reese a committee on program. The president and secretary will invite the speakers and will extend invitations to Governor Frank R. Wilson, Governor James M. Cox, Fred Haley of Cleveland, Secretary of the State Automobile Association, A. K. Laird of Columbus, ex-secretary of the Columbus Auto club, and Hon. Walter A. Alsford, of the Ohio Good Roads Association. There also will be a speaker from Zanesville and one from this city.

All auto owners in Licking and Muskingum counties will be invited to participate in the picnic and Perry and Fairfield counties will also be extended an invitation. There will be plenty of contests of various kinds and the famous "Rube" band of Zanesville will furnish music for the day. The big picnic dinner will be called for 12 o'clock. It is predicted that thousands of people will take advantage of the good roads and drive to the park to participate in what will undoubtedly prove to be the "biggest day" ever held at the popular lake resort.

After the arrangements for the picnic had been made by the committee the members were invited to participate in a spring chicken dinner at the Mauger Hotel as the guests of Colonel Wells. That genial gentleman had the Mauger chef prepare a special menu that was equal to any Delmonico dinner ever served. After reported Habanas had been passed around Colonel Wells took his guests on a boat trip around the lake, the party returning home from the park shortly after 10 o'clock.

INJURIES PROVE FATAL

(ASSOCIATED PRESS TELEGRAM) Toledo, July 28.—Nelson Geoffrion, 34, a grocer, whose auto truck was struck by a switching locomotive a few days ago, died last night in a hospital here. Geoffrion and a clerk were riding in the truck when the collision occurred.

SPECIAL PRICES ON METZ CARS

The Ohio Metz-Elear Co., of Columbus Offers Inducement for Buyers—Ends Aug. 10th.

The Ohio Metz-Elear Company, of Cleveland and Columbus, offer the readers of this paper a special concession on the price of the famous Metz "25" roadster and touring cars. This offer will expire Thursday, August 10th.

W. A. Albaugh, president of the Ohio Metz-Elear company, states the object of this out of the ordinary offer is to place a Metz in every city, town and hamlet in Ohio. The regular price is \$600, and includes electric lights, starter, stream line body, one-man top, Hyatt roller bearings, Bosch magneto, and is fully equipped. This opens the way for many who want an economical car, simple to control, with power enough for every purpose, to buy it at an important saving.

If you wish to investigate this proposition, communicate at once with the Ohio Metz-Elear company, at 1900 East Thirteenth street, Cleveland, Ohio, or 211 North Fourth street, Columbus, O.

Sanders Annoyed By Use of Name By Columbus Boy

Virgil Sanders, 31 North street, owner of a taxicab here, appreciates the interest of his friends in his welfare but he does not enjoy the expressions of sympathy for his recent arrest and custody as to the outcome of his "case." His lack of enjoyment is because he was not arrested. A youth picked up by Columbus police for stealing an automobile gave Sanders' name, much to the annoyance and embarrassment of the Newark man. Mr. Sanders says he does not know who the Columbus boy is.

Terror of Yeggs Quits His Job As Marshal at Utica

Marshal William Yeggs of Utica, who gained considerable fame several years ago when he battled single handed a band of yeggs who blew the safe in the Utica prison, has resigned his position, explaining that he is tired of the job. The mayor and village council accepted the resignation with regret which was freely expressed. It was a courageous officer quick to do his duty and village council accepted the which reflected credit upon his bravery and intelligence.

CRUDE OIL REDUCED

(ASSOCIATED PRESS TELEGRAM) Pittsburgh, July 29.—The first change in the crude oil market since March 17 was announced by the principal purchasing agencies here today when all grades in this market were reduced ten cents a barrel.

CHAUTAUQUA PROGRAM IS BEST EVER

Newark's third chautauqua will start next Tuesday. The big tent will be pitched on the lot adjoining the Hudson avenue school house and there for the following week, afternoons and evenings, delightful programs will be rendered.

The club women of Newark are busy with the ticket sale and are hopeful of pushing the sale far beyond last year's success. They are offering tickets for the season at \$2 but when the program starts the price will be \$2.50.

From cities such as Springfield, Wheeling and Youngstown, where the Redpath Chautauqua have been conducted already this season, there come reports that the program is even better than in years past. Miss Alice Nielson, it is stated, has never been in better voice, and her concert here on the closing night, Aug. 5, doubtless will be one of the year's greatest musical triumphs. With Miss Nielson there will appear Mr. Karl Kirs-Smith, a former Zanesville boy, who is one of New York City's well known cellists.

Another headline attraction of Chautauqua week is the scientific lecture and demonstration by Montreville Wood and daughter. The Woods are to be here on the Chautauqua fourth night. Their torpedo ultra-violet ray and gyroscope demonstrations are reported as intensely interesting. Mr. Wood's equipment includes each of these unusual devices, and Chautauqua patrons will be given a close insight into their workings.

Band day is to be a feature, as usual. Francesco Pallaria a dynamic and spectacular director will be here with his New York organization for an afternoon and an evening concert on the fifth day's program. Four of the director's own selections are to be included in the program.

The Chautauqua talent comes from Zanesville to Newark and goes from this city to Mt. Vernon.

In many cities the chamber of commerce "puts on" the Chautauqua. In Wheeling the Rotary club did it. In Zanesville it was the Y. M. C. A. In Newark the Federated clubs are behind the Chautauqua. Tonight the Chautauqua parade takes place. Have you your Chautauqua tickets?

ZANESVILLE CHAUTAUQUA

Zanesville, July 29.—This afternoon Superintendent W. W. Norton arrived from Elyria with equipment and crew for Zanesville's third annual Chautauqua. This year the program is to be given under the Y. M. C. A. auspices and a record attendance is anticipated.

Time is money, but as a general thing money doesn't hang so heavily on our hands.
